SUMMARY

Analytical undergraduate pursuing B.Tech in Computer Science with a strong foundation in software development, data structures, and problem solving. Passionate about building scalable software systems and applying data-driven thinking to solve real-world challenges. Experienced in leading teams during high-pressure situations and committed to continuous learning, collaboration, and engineering excellence.

EDUCATION

Bachelor of Technology, Computer Science & Engineering

SRM Institute of Science & Technology, Kattankulathur

Expected May 2028

CGPA: 8.03/10

High School Diploma

Pathania Public School, Rohtak

May 2024

TECHNICAL SKILLS

- **Programming:** C, C++, Python
- **Core CS:** Data Structures & Algorithms, Object-Oriented Programming, Problem Solving
- **Software Engineering:** Software Development, Git, REST APIs, SDLC
- **Leadership:** Team Leadership, Stakeholder Communication, Decision Making, Team Coordination

PROJECTS

Docsahab — Emergency Medical Coordination Platform

Designed a real-time emergency coordination platform for hospitals, ambulances, and healthcare resources.

- Optimized the emergency response (“golden hour”) workflow across patients, ambulances, and hospitals
- Designed a scalable backend architecture with a multi-state emergency lifecycle
- Focused on data reliability and operational efficiency

Aurora — AI-Driven Game

Designed and developed an AI-driven game featuring sound-based enemy detection and predictive movement algorithms.

- Implemented intelligent NPC behaviour
- Built decision-making logic under uncertainty
- Optimized gameplay mechanics

LEADERSHIP EXPERIENCE

Team Member — Hack The Box Chennai Club

Aug 2024 – Feb 2026

- Led team coordination during high-pressure scenarios, achieving maximum participation through effective communication and planning

ACHIEVEMENTS

- Secured a Top 10 position in a hackathon while competing individually without a team
- Former Member — Mensa
- Recognized for strong debating and analytical communication skills at state-level platforms

CERTIFICATIONS

- Object-Oriented Programming — IIT Roorkee
- Data Science Bootcamp (6 Weeks) — GeeksforGeeks
- Financial Analysis & Market Fundamentals (Level 2)
- Stock Analysis

LANGUAGES

Hindi (Fluent) — English (Fluent) — Spanish (Elementary)
